Fall 2015  
Winter 2015 – 2016

Greetings to all Township Residents

Autumn is beautiful with the changing colors and a spectacular view of the leaves. Then the leaves fall and create problems with plugging storm water catch basins and drainage ditches. The Township asks that you **do not** rake or put leaves into the street and remember to remove leaves and debris from your ditches to avoid winter drainage troubles.

Citizens can be of assistance in helping with safe winter travels.

- Clear snow from all of your vehicles' windows before traveling.
- Slow down and drive for the condition of the roads.
- During snowfall, residents should remove parked vehicles from the roadways.
- When clearing driveways of snow. **Do not** push snow into the road. Pile the snow on the right side (as you're facing the road) of your driveway approach.
- Clear snow away from nearby fire hydrants and address numbers.
- Give snowplow trucks plenty of room.

Township snow removal policy prioritizes roadways.

- Main thoroughfares
- Main Streets and Intersections
- Hilly areas and bridges
- Residential streets

Thanks for all of your help in making winter travels safer.

Jim Pile  
Road/Public Works Superintendent
